Notes: The WTV App & MyTVs App does not have access to On Demand content, Free Previews. Radio or Stingray channels. Most newer smart TVs with Amazon, Roku, or Apple TV software often work, but we can't guarantee compatibility.

Watching on Fire TV, Apple TV, Roku

How to Add 'WIGHTMAN TV' APP From Fire TV / Apple TV / Roku

1. Go to App store within device and search for 'Wightman TV'
2. Download and Install the App
3. Device code will appear on screen with passphrase
4. Enter in and click pair

Watching on Mobile & Tablet

Take your shows on the go with Apple or Android devices connected to your Wightman Wi-Fi.

How to Add 'WIGHTMAN TV' to your device.

1. Go to App store within device and search for 'MyTVs'
2. Download and Install the App
3. Device code will appear on screen with passphrase (this will be provided by our Customer Service Team)
4. Enter into MY TV App and click pair

Required Services

To use WTV App, you'll need:

- ✓ Wightman Basic TV subscription (at minimum)
- ✓ Wightman fibre internet at 50 Mbps or higher

Not sure if you have these? Contact us — we'll check for you.

*Most current devices work great; older versions may vary
Streaming TV does not include local radio or Stingray music channels*
